**WHAT:** Creek side Start/Finish adjacent to the Hay Creek. Rustic Park has covered pavilion, playground for kids and modern bathrooms. The 10-miler course is a mixed single and double track, longish gradual climbs & descents. Course runs past peaceful pine tree reservoir setting and a few abandoned road sections, along with 4 possible ankle to mid-calf water crossings. The 5k Fun Run/Walk will start moments after the 10 miler, and will be marked separately. The 5k may have 2 of the same water crossing as the 10-miler course without long climbs or descents but still gets to share in the gorgeous view of the reservoir. Courses will be well marked, 2 water stops for the 10-mile course and 1 for the 5k. Insurance provided by R.R.C.A

**WHY:** Be a part of “My” story! This event is a fundraiser to offset the cost of getting my “crew” to the Western States Endurance Run 100 Miler in the Sierra Nevada Mountains of California, where I will be attempting my first 100 miler at 65 years old! Not sure what a crew is? They will be my life line, meeting me at designated aid stations throughout the 100 mile course, providing me with fuel, hydration, medical needs, moral support and pacing me thru the night hours to the finish 30 hours later. It takes a village.....

We each have our “own journey” our own “why”. At registration you will be given a blank sheet of paper, I invite you to take a moment and jot down in a few words – What’s “Your” Why? Why do you run? No need to sign it. The “pages” will be all displayed upon your finish for all to read...it’s all about the journey, the inspiration, the determination. We all have a story, why not share it, it may help someone in their personal journey! After all isn’t that what the community of trail running does? We support each other.

**Touch Someone’s “Sole” Outreach**– Trail runners are known for giving back. We all have an arsenal of Running Shoes, some which we wore once, were too tight, not enough traction and there they sit, unused, forgotten...Bring them along to the race and donate them to someone who can really use them! [Fleet Feet of West Reading](http://www.fleetfeetofwestreading.com) will be distributing them for us to student athletes and groups in our area in need.
